Chuspata Wicker Price List

The price list is organized by Series numbers and order of presentation within each series. For example, Series #18-100 is WICKER ANIMAL INSPIRED DECORATIVE STORAGE TRUNKS. The first photo in the thumbnail popup shows the elephant trucks. If you look under Series #18-100 in the price list, you will see the elephant trunks listed first in the #18-100 series.

The importance of the Key#

Each item has a key# that matches the key number in the thumbnail popups. When checking availability via email, reference the series# and the key#. For example: Series #18-100, key# E20.

Retail Pricing / Minimum Order

The column to the far right in the price list shows the retail price. Prices shown include packing for shipping and are FOB point of entry into the US, which is normally Laredo TX. Because of the cost of transporting, there is a \$500 minimum order for retail orders.

Wholesale Pricing

Orders \$3500 and greater qualify for wholesale 25% discount pricing off the displayed retail prices. When possible orders \$5000 and greater qualify for free shipping within the continental USA. As the cost of shipping to Laredo is a variable depending upon the size of the items ordered, sometimes we have to up the \$5000 to offer this discount. We do the best we are able to offer you the very best prices.

Shipping/Delivery

Quoted prices include shipping from Guadalajara, Mexico to the point of entry, normally Laredo. Your shipment will be picked up in Laredo and trucked to the final destination. We offer excellent US shipping rates. And, if your order is small enough, we are able to ship Fedex with a 40% high volume discount. You can normally expect your order to arrive 45 to 60 days from date order is placed, sometimes sooner depending on where we are in the shipping cycle when your order is placed.
